

## Field Training Officer (FTO) Class November 11-12, 2024 (Deming)

### Field Training Officer (FTO) Class

In law enforcement we can all recall that one who took us under their wing and developed us into the officer we are today.

Although some were not as good as others, we still

wanted to impress the one or two senior officers that always took care of us and put us on the right path. FTO 101 will help you develop your field-training officers to become this officer. Becoming a certified FTO is not just about knowing this ins and outs of the job or the department but more importantly being a positive role model, mentor, and leader. As an FTO we must understand times have changed and the “Rookie Officers” that are coming into the field are different. This class will give you tips and techniques to better approach these “Rookie Officers” in order to tap into their strong points in order to make a more positive, hardworking officer which will better fit your department.
