Public Comment

The Board shall receive public comments from those attending in person or virtually. The time afforded for each person wishing to speak is limited to three (3) minutes. Members may ask questions for clarification but may not engage in substantive discussion or take formal action unless noticed in the meeting agenda. Comments may be taken under advisement and placed on a future agenda for discussion and/or action at the discretion of the Board.

Ms. Montoya: “ I would like to thank the board for this opportunity. In January 13th, 2023, called for a civil standby for a friend that was being locked out. She had gone to magistrate court with Donita Sena that very day. And both parties, landlord and tenant, were given a continuance of two weeks.

She called me and told me a lockout was being performed. I said, lockouts are illegal in New Mexico, and I'll call for a civil standby. And I did.

I called Santa Fe County Sheriff. And when I got there from Santa Fe to support my friend, they still had not arrived until my friend was pushed against the wall by the landlord. At that time, I called 911.

And Officer Cody Latin came upon the scene. He was more interested in who I was and if I was an attorney. At that point, he began to ask the parties.

I was outside of the home on the porch. And he began to ask the parties what was going on. And

the landlord said we gave her a three-day notice.

And so Cody addressed the woman, turned off his lapel camera, and started yelling at her that she was given a three-day notice. And she had 20 minutes to vacate the property. I called for a commanding officer.

They told me that I needed to deal with the officer there. At that point, he grabbed my phone, had a glazed look on his face. I held onto it.

And he went inside and told her because of me, she had less than 20 minutes to get her stuff and get out. At that point, he came out and told me if I did not leave, I would be arrested. I asked him for what.

He said abuse of 911, criminal trespass, and disorderly conduct. I began to leave, instructed my friend that she had rights and that I would call her later. And I proceeded to leave off of the porch. I injured myself. I'm 64 years old. I injured myself on the bottom stair.

He began yelling at me to leave or I'd be arrested. I told him I couldn't, my knee and my hip locked. He asked if I needed an ambulance.

I said yes. While waiting for an ambulance, I decided to go ahead and record Mr. Latin. At that time, I have a video where within, I didn't know how to operate the video on my iPhone.

He was off the porch within six seconds, handcuffed me, grabbed my phone, picked me up from the back of my hands, threw me to the floor. I then waited for a commanding officer. The tribal police showed up, helped me to my feet.

Mr. Cody Latin began to tell them that I fell. I tripped on his knee. I did not. I have the scars and the pictures to prove it and still suffer to date. When I got a public, I was arrested. I got a public hearing.

I was a public defender and on the narrative of the police report, it was totally falsified that I had attacked a landlord and a tenant and I was asked to leave by them and I did not. Therefore, I was criminally trespassed. I ended up taking whatever my attorney advised me to dissolve this case.

I would not go to anger management unless Cody Latin did because I did nothing wrong. I was totally respectful. I found out afterwards that Mr. Latin had a history of abusing not only women, but break checking while they were in his car.

I have a report that I submitted to the board in 2023 where a 17 year old was brutally detained and lied upon to her father, Diamond Pedestra from the- Ma'am, we limit public comment to three minutes. So if you could go ahead and wrap it up, I would appreciate that. Thank you, ma'am.

And I just feel that this officer should never be a law enforcement officer in the state of New Mexico because of his ability to lie and a hostile witness and not provide the public with a bona fide police officer. Thank you. Thank you, ma'am."

Mr. Bryce from Luna County: “ Morning, Madam Vice Chair, members of the board. I appreciate you giving me the opportunity to speak really here on just a information gathering mission. I'm the County Manager from Luna County.

We've got a number of LEA 90s and employees who will be up here in front of you, or at least their record will be. I'm trying to find out, we find these things out by accident. Either another agency is looking at the agenda, they call us and tell us we have one of our people on it, or we are watching now to make sure that none of our people are on here.

And it's always a surprise to the officers who are, when we tell them that you're on, you know, you've got a LEA 90. We've got a sheriff who is clearly targeting officers for political purposes, personal purposes. So he submitted a ratio of these LEA 90s.

So I'm just trying to figure out how do we go about defending our employees against something like this? I don't know if you can answer it or if I just need to sit here and gather information, but I'd appreciate it.

Vice-Chair Cody Rogers “I don't think that we can answer it. Mr. Bryce, I think that you are more than welcome to sit here and gather information, but I don't think that we can, as a board, do much beyond that at this point”. Mr. Bryce “Okay, thank you. Madam Vice Chair, we have

Janelle Martinez from Santa Fe Police: “thank you so much for your time. With respect to NMAC 1029-6-9B for out-of-state applicants, I request that that rule be looked at. We currently have an out-of-state applicant who has about two years of service. However, we are now being told by the academy that pursuant to that rule, she does not qualify for certification by waiver.

Our understanding is that rule is under review and we just respectfully request that we get some clarification on that so we have better guidance to give our out-of-state applicants. Thank you so much. Thank you, ma'am.

Vice-Chair Cody Rogers: “You are correct. That is under review. Thank you.”

Ivan Ramirez-Arechiga: “Can you provide the NMAC rule?”

Janelle Martinez from Santa Fe Police: Sure. The current NMAC rule for it is going to be 1029-6.9. Thank you.”

No other public comments were given.

II. Reports, Discussion, and Action Items:

A. Rulemaking Working Groups- Update Marianne Bowers, Board Counsel

Marianne Bowers- Board Counsel, New Mexico Department of Justice- “We are in the process of formatting the rules to the exacting standards of the State Records Archive. Amber Gonzalez, the law clerk for the board, is the lead of that effort. We have a notice prepared. We are getting ready to submit the notice and the properly formatted rules to State Records, at which time we hope for approval.

And then the notice gets posted. When the notice is posted and the rules, the proposed rules are posted, there's a 30-day period for public comment in writing. After that time, a rulemaking hearing will be scheduled.

We're looking at possibly October. We don't have the dates yet. And then the rulemaking hearing, of course, the public is invited to attend and to make public comment there. And so that's where we're at. We're on schedule and everything, I think, is going smoothly”

B. Report from Vice Chair

No Report from Vice-Chair Cody Rogers

C. Report on current staffing/recruiting efforts.

Operations Officer, Ivan Ramirez, provided the Board with a staffing and recruitment update. He introduced two newly hired LECB employees: Alynna Romero, Senior Business Operations Analyst, and Amanda Chavez, Senior Compliance Officer, and welcomed them to the Law Enforcement Certification Board.

Mr. Ramirez-Arechiga reported that recruitment remained active for the Business Operations Specialist position, which would report to the CEO. Interviews were also underway for the Manager Support Staff position, which would oversee the Data Analyst and Business Operations staff.

Regarding the CEO position, Mr. Ramirez-Arechiga advised that the recruitment should remain open for additional applications and Board review. He further reported that candidates had been selected for the attorney and Compliance Officer positions; however, both hiring actions remained pending completion of the required HR documentation, signatures, and formal offer process. He noted that the remaining LECB staff positions were filled.

Chief Thomas Romero (Ret.) requested that the Board receive the detailed line-item budgets for FY2024, FY2025, and FY2026, rather than only the budget summaries previously provided. Chief Romero stated that the additional details would allow Board members to review actual expenditures, understand what funds were used for, identify equipment purchases and their disposition, and perform suitable fiscal oversight and due diligence.

The Board requested that the detailed line-item budget and expenditure information for the identified fiscal years be provided for review.

D. Executive Report: Misconduct Case Activity and NMDOJ Referral Status

Ivan Ramirez-Arechiga provided the Board with an update regarding the status of the LECB's misconduct caseload and progress in addressing the historical case backlog. He reported that the Board began with a historical backlog of approximately 288 cases and that, from 2023 through 2026, the LECB had handled approximately 326 cases overall.

Mr. Ramirez-Arechiga advised that a substantial number of cases had been reviewed, resolved, or referred to the New Mexico Department of Justice (NMDOJ) for further administrative review. He reported that approximately 171 cases had been referred to NMDOJ at the time of the report. He further advised that 33 cases associated with the original backlog were scheduled for Board review, along with 10 newer 2026 cases. He stated that completion of the scheduled reviews would represent significant progress toward clearing the historical backlog.

Mr. Ramirez-Arechiga then provided an update regarding the 2026 caseload, reporting a total of 63 cases. Of those, 18 cases had progressed beyond the initial stage, including 14 cases referred to NMDOJ. Approximately 45 cases remained pending, with 10 scheduled for consideration at the current meeting. If those matters were reviewed, approximately 35 cases would remain for Board consideration.

He explained that cases cannot necessarily be presented to the Board immediately upon receipt because staff must first obtain and review the documentation necessary to provide the Board with a complete investigative record. LECB staff continued working with reporting agencies to obtain misconduct reports, supporting documentation, and other information necessary for Board review.

Mr. Ramirez-Arechiga also reviewed the monthly case activity reflected in the materials provided to the Board. Using July as an example, he reported that the Board reviewed 36 cases, including matters in which the Board contemplated suspension or revocation and matters that were tabled for additional consideration. He explained that, following a Board referral, the supporting documentation is referred to NMDOJ for review and possible administrative prosecution.

He clarified that referral to NMDOJ does not constitute final disciplinary action. Once a referral is received, NMDOJ reviews the matter and determines whether to accept, decline, or otherwise return the referral. When NMDOJ accepts a matter, it may be assigned to an administrative prosecutor for further action, including possible issuance of a Notice of Contemplated Action (NCA).

A Board member asked whether the report's "Accepted and Assigned" category meant that NMDOJ had accepted the referral and assigned the matter to a specific administrative prosecutor. Mr. Ramirez-Arechiga confirmed that this was the meaning of the category.

Mr. Ramirez-Arechiga further explained that officers occasionally contact LECB staff seeking information regarding the status of their cases. When he was aware that a matter had been accepted and assigned by NMDOJ, he would provide the officer with the assigned prosecutor's contact information so the officer could direct questions regarding the next stage of the process to NMDOJ. The Board received the misconduct case and backlog update.

E. Ratification and Approval of Pending Certifications

a. Law Enforcement Officers (Exhibit A)

The Board considered the ratification and approval of pending Law Enforcement Officer and Public Safety Telecommunicator certifications. The Vice Chair, Cody Rogers, presented Exhibit A, consisting of law enforcement officers from Las Cruces Police Academy Class No. 56, and requested clarification regarding the process used to verify the individuals' eligibility for certification and Board ratification.

Ivan Ramirez-Arechiga explained that the process begins with the New Mexico Law Enforcement Academy (LEA), which reviews everyone's required documentation and determines whether the individual meets the applicable requirements for admission into the basic police officer training program. Eligible individuals are admitted to the academy, complete the required basic training, and graduate from the program.

Following graduation, LEA staff verify the information required for certification and ratification, including confirming that the individual is sponsored by a law enforcement agency and remains employed by an agency at the time the individual is submitted for Board ratification.

Mr. Ramirez-Arechiga further explained that LEA staff provides the Law Enforcement Certification Board (LECB) staff with a list of eligible graduates and supporting information. LECB staff then conduct an additional review to verify that the applicable requirements have been satisfied before the individuals are presented to the Board for ratification. For Exhibit A, LECB Compliance Officer Jennifer Guerra completed the staff-level verification and confirmed that the required components had been met.

Following the explanation of the verification process, the Vice Chair requested a motion to approve Exhibit A – Las Cruces Police Academy Class No. 56.

Board Member Chief Thomas Romero (Ret.) made a motion to approve the Law Enforcement Officers' certifications listed in Exhibit A. The motion was seconded by Board Member Joseph Walsh. The motion passed with 8 votes in favor and none against.

b. Public Safety Telecommunicators (Exhibit B)

The Vice Chair presented Exhibit B, consisting of public safety telecommunicators from Central New Mexico Community College (CNM) Classes No. 17 and 18, Southern New Mexico Law Enforcement Academy PST Class No. 22, and Mesilla Valley Regional Dispatch Authority PST Class No. 3.

The Vice Chair asked whether LECB staff followed the same verification process used for the law enforcement officer ratifications presented under Exhibit A.

Ivan Ramirez-Arechiga confirmed that the same verification process was followed. The applicable training and eligibility information was reviewed and verified before the individuals were submitted to the Law Enforcement Certification Board for ratification.

Board Member Joseph Walsh made a motion to approve the Public Safety Telecommunicators' certifications listed in Exhibit B. The motion was seconded by Board Member Chief Summer Mirabal. The motion passed with 8 votes in favor and none against.

F. Certification by Waiver

No Certifications by Waiver were presented.

G. Discussion: Board Guidance on Settlement Agreements Incorporating "Time Served" Suspensions

The Vice-Chair Cody Rogers introduced a discussion regarding settlement agreements that include what has informally been referred to as "time-served" suspensions. Vice-Chair Cody Rogers explained that, in previous matters, the Board had considered negotiated settlements in which a suspension was made effective from an earlier date rather than from the date of entry of the final disciplinary order.

Vice-Chair Cody Rogers noted that this issue had arisen particularly in older cases affected by the Board's historical backlog. In some matters, a significant period had passed between the submission of the misconduct report and the entry of a final order. As a result, imposing a one- or two-year suspension beginning only upon entry of the final order could result in the respondent experiencing the practical effects of the matter for substantially longer than the suspension period contemplated by the settlement.

Vice-Chair Cody Rogers stated that the Board had previously permitted an earlier effective date under appropriate circumstances but expressed concern about establishing a formal policy or rule requiring such treatment. Vice-Chair Cody Rogers indicated a preference for continuing to evaluate these requests on a case-by-case basis, taking into consideration the particular facts and circumstances of each matter.

Chief Thomas Romero (Ret.) agreed with the Vice-Chair Cody Rogers and stated that he did not recommend adopting a formal rule or general policy regarding credit for prior periods of suspension or other restrictions. He emphasized that the Board's responsibility concerns an individual's law enforcement certification, which is separate from employment actions imposed by an employing agency or consequences arising from a criminal proceeding.

Chief Romero acknowledged, however, that circumstances may exist in which consideration of an earlier effective date is appropriate, including significant delays associated with older cases, periods during which an individual was placed on administrative leave or suspended by an employing agency, or circumstances involving related criminal proceedings. He supported allowing the Board to consider those circumstances individually, with appropriate consultation with the Board and legal counsel.

Chief Romero further noted that a similar issue had been considered by the former Law Enforcement Academy Board approximately in 2018 and recalled that the approach at that time was likewise to evaluate such matters individually rather than establish a uniform policy.

Vice-Chair Cody Rogers agreed that the relevance of recognizing an earlier effective date would depend upon the circumstances of each case. Vice-Chair Cody Rogers also expressed the expectation that these requests would occur less frequently as the Board continued to eliminate the historical case backlog.

The consensus of the Board was to continue considering proposed settlement agreements containing retroactive or “time-served” suspension provisions on a case-by-case basis rather than adopting a uniform policy or rule. Each proposed settlement would remain subject to Board review and consideration based upon the circumstances presented in the individual matter.

H. Discussion: Possible action regarding appointment of Iván Ramírez-Aréchiga as Acting Interim Chief Executive Officer (may go into closed session)

The Vice Chair introduced the agenda item concerning possible action regarding the appointment of Ivan Ramírez-Arechiga as Acting/Interim Chief Executive Officer of the Law Enforcement Certification Board and requested a motion from the Board.

Chief Thomas Romero (Ret.) made a motion to provide Mr. Ramirez-Arechiga, while continuing in his current position, with a temporary salary increase to the midpoint of the Chief Executive Officer position in recognition of the additional duties and responsibilities associated with serving as Acting/Interim Chief Executive Officer. The temporary assignment and associated salary increase would remain at the discretion of the Board. Chief Summer Mirbal seconded the motion.

A roll-call vote was conducted, and the members present voted in favor of the motion. The motion passed unanimously.

Following the vote, the Vice Chair expressed the Board's appreciation to Mr. Ramirez-Arechiga for his continued work and service to the LECB.

Mr. Ramirez-Arechiga thanked the Board for its confidence and trust in him and expressed his appreciation for the opportunity to assume the additional responsibilities of Acting/Interim Chief Executive Officer.

Following completion of the administrative update, Vice-Chair Cody Rogers moved to enter closed session to discuss the next section of the agenda, consisting of disciplinary and/or litigation matters, pursuant to the Open Meetings Act.

At 9:32 a.m., the Board entered closed session to discuss the matters identified in the motion for closure.

The motion specifically cited:

- NMSA 1978, Section 10-15-1(H)(1)
- NMSA 1978, Section 10-15-1(H)(7)

Vice-Chair Cody Rogers made a motion to enter closed session to discuss the matters. Board member Carly Huffman seconded.

A roll call vote was conducted on the motion to enter closed session.

<u>Board Member</u>	<u>Vote</u>
Carly Huffman	Yes
Chief Erin Toadlena-Pablo	Yes
Chief Thomas Romero (Ret.)	Yes
Chief Summer Mirabal	Yes
Cody Rogers	Yes
Dawn Meyer	Yes
Dr. Bobbie Green	Yes
Joseph Walsh	Yes

The motion passed unanimously.

III. Disciplinary and/or Litigation matters (may go into closed session):

The Board reconvened in open session at 2:41 p.m. The Vice-Chair stated for the record that the matters discussed during closed session were limited to those identified in the motion for closure and that no votes or official actions were taken while in closed session.

A. Declinations:

- 24-119 Cody Lattin
- 25-001 Benjamin Jemmett

Vice-Chair Cody Rogers addressed Case Nos. 24-119 and 25-001, which the agenda identified as matters declined by the New Mexico Department of Justice (NMDJO). Following discussion, the Board directed LECB staff to request a meeting with the NMDJO prosecutors assigned to the matters to discuss the declinations and provide the Board with an explanation of the basis for NMDJO's decision to decline administrative prosecution. The requested meeting will help the Board better understand NMDJO's review and the reasons supporting the declinations so the Board can determine the next steps, if any, regarding the matters. LECB staff were directed to coordinate with NMDJO to arrange the requested discussion with the appropriate prosecutors.
